

## Oracle Cloud Support

### Cornerstone Data Systems, Inc.

Your data is your business's most valuable asset. So give your databases the care and attention they deserve while still minimizing cost, and reducing the workload of your IT staff. The numerous benefits of remote database administration are all within reach.

So don't get left behind. Get in touch with Cornerstone today. Our consultants can answer any questions you may have about our process, and we'd be happy to discuss a customized remote DBA solution for your company based on your particular needs, IT infrastructure, and budget.

### WHY COMPANIES CHOOSE US?

- We provide a personalized experience
- Thought & strategic leadership is included for all our clients
- Flexible arrangements working on-site or remote
- Boutique services, so that you don't pay for services you don't need
- One-on-one support & training for your staff
- We provide you with expert-level resources with real world experience

**The Oracle Cloud is changing the way that we do business. This advanced platform can adapt to just about any technology - allowing Oracle customers to streamline all of their business platforms and databases with the help of Cornerstone's Oracle Cloud Support.**

As an Oracle partner, CDSI specializes in Oracle Cloud support. Whether you need a partner for application management, administration, database management, or any other Oracle task, we're here to help.

We provide cost-effective and secure solutions to our customers. Our support staff and consultants are dedicated to your success - because when you succeed, so do we. Learn more about our Oracle Cloud support services below.

### Why Choose Us For Oracle Cloud Support?

Why should you choose us as your partner for Oracle Cloud support? Here are just a few reasons.

- **Unique business model** - We use a unique "boutique" business model at CDSI. Unlike some other support and consulting companies, we believe our customers come first. We offer one-on-one support and advising, and will always help you choose the best option for your needs - not just the one that makes us the most money. That's a guarantee.
- **A staff of IT experts** - From cloud administrators to database management professionals, developers and more, we have all of the technical resources you need to keep your Oracle Cloud installation in great shape.
- **24/7 service** - When something goes wrong with your Oracle Cloud, quick action is needed. We are available 24/7 - so we can always ensure that your mission-critical IT infrastructure is up-and-running with minimal downtime.
- **Decades of combined experience in the field** - Our IT team has years of experience in the management of the Oracle Cloud. We understand Oracle products intimately - making us the best choice for Oracle support services.

### Contact Us Now - And Get The Oracle Support Services You Need!

Whether you're struggling with an Oracle Cloud migration, or you need any other Oracle support services such as database administration, Cornerstone Data Systems, Inc. is an ideal choice for you.

Get started today by contacting us, and learning more about our services. We'd love to hear more about your needs - and discuss our unique qualifications.
